

Front Porch Project®

Learn how to protect PA's kids from abuse.

We each have a role to play in protecting children and supporting families. Learn how you can make a difference.

The Front Porch Project® program teaches you:

- How and when to safely respond when you are worried about a child in your neighborhood or in a public place.
- How we make decisions to help and what stops us from helping when we are concerned about a family.
- The many ways we can all help to protect children and prevent child abuse.

Attend this free program in your community. Advance registration is required; space is limited-register early! Deadline to register is October 7.
