Recycling Tip of the Month

Spring

Spring is just a few weeks away and it is time to think about "Spring Cleaning"!

Help us keep the sidewalks and curbs free of loose debris and clutter by:

1. Placing all recyclable items in your recycling container
2. Donating usable unwanted items to local organizations or charities.
3. Placing all other items securely in containers or heavy trash bags.
4. Old paint cans can be placed next to the trash but they must be open and empty or the paint must be dried out.

Remember: Cardboard boxes are to be flattened and recycled unless contaminated by food.
